Brain Network	Description/Function of Network •What does each network enable us to do?	UDL Principle	What does this look like in your home or classroom as a parent or teacher? •What are the implications for teaching, parenting, and learning in your classroom, home, or community?
<p>Recognition Networks The "what" of learning</p> 		Representation	
<p>Affective Networks The "why" of learning</p> 		Engagement	
<p>Strategic Networks The "how" of learning</p> 		Action & Expression
